AMERICAN GOVERNMENT AGAIN IN CUBA

PRESIDENT PALMA
CUBA'S FIRST AND LATEST PRESIDENT, WHO HAS RESIGNED HIS AUTHORITY TO AMERICANS

Message To Anegawa Captain Telling Ship To Stand By

STORY OF PASSENGER FROM MIDWAY

That the captain of the Anegawa was entirely responsible for the leaving of the Mongolia in her dangerous position and that the Japanese Government would not countenance any such action is the story which was told to a Bulletin reporter this morning by H. Wilber Robbins, representative of the Pioneer Roll Paper Company of Los Angeles, who was a passenger on the Mongolia, and picked up his information at Midway. He said:

"There is no doubt of the disinclination of the Anegawa's captain in relation to giving assistance to the Mongolia when she was on the Midway reef. Only a slight pull was needed

to get her off, but in place of doing this he hardly even put a strain on the only cable which he had on board. The yarn to the effect of his having no cables is preposterous. There were cables on board the Mongolia of fine steel wire which were offered for this use and he would not accept them. Captain Porter offered him coal, which he refused, saying that it was too much work to handle it though there were lighters which could put it aboard for him twenty tons at a time.

"That the Japanese Government did not feel in regard to the Mongolia as he did was shown by the fact that just after he had left a cable was received from the Japanese Minister of War addressed to the captain of the Anegawa, instructing him to stay by the Mongolia as long as he could be of any assistance. This cable was received at Midway after the Anegawa had left, and she left without waiting for any reply to a message which was sent by her captain saying that the Mongolia was a total wreck and that there was no prospect of saving her. The Anegawa left Midway without

SECRETARY TAFT ASSUMES PROVISIONAL GOVERNORSHIP TO KEEP CUBAN PEACE

Associated Press Cable to the Bulletin

Havana, Sept. 29.--The American Provisional Government was established today with W. H. Taft, United States Secretary of War, as Provisional Governor. There has been no trouble and the people are accepting conditions in good spirit.

The assumption of authority by the United States makes the independent existence of the Cuban Republic short and sweet. The island was freed from the domain of Spain by the Spanish-American war. After government had been established and organization taken the place of anarchy, the Cubans were given full control.

All went well until the first election under the independent administration of the Republic, when President Palma's opponents made charges of fraud and finally refused to take part in the election. Palma was put in office without apparent opposition, but a few months ago his antagonists at the polls started a revolution which has finally resulted in the interference of the United States authorities to preserve order.

"That the Government of Cuba consents that the United States may exercise the right to intervene for the preservation of Cuban independence, the maintenance of a government adequate for the protection of life, property, and individual liberty, and for discharging the obligations with respect to Cuba imposed by the treaty of Paris on the United States, now to be assumed and undertaken by the Government of Cuba."

DEMOCRATS AFTER PORTUGUESE VOTE

Try To Gather Remains
Busted Republican Club

The Democratic party was out for business last night, having no less than four different meetings. The Democratic Central Committee passed on the Palmer Woods affair, as reported elsewhere in this issue, the County Committee worked on plans for the campaign, one political meeting was held in San Antonio Hall, and another at Waiolu.

The San Antonio Hall meeting had for its purpose the capturing of the former members of the Portuguese Republican Club, which was broken up last week because its members did not think they had been given proper recognition by the Republican party. The idea of the Democrats was to console the disgruntled and to take advantage of the mix-up by enrolling them under the Democratic banner.

NOAR MAY RUN AS HOME RULE ATTORNEY

In their effort to find a man to run as County Attorney, the Home Rulers feel that they have found one in Samuel Noar, one of the attorneys, who made an able fight to save Nakaroto's neck from the hangman's ropes. This morning the offer was submitted to Mr. Noar by President Nolley of the Home Rule party, after he had failed to persuade Attorneys Carlos A. Long and A. G. Kaulukou to fall in line with him. Mr. Noar has the offer under consideration. He is given a few days to think over the matter.

LAND BRINGS \$7000

In the foreclosure sale held this noon at the Judiciary building by J. F. Morgan as commissioner, representing the court in the matter of the suit of Ida E. Lamb vs. Julia Noar, the property, the portion of the Myrtle block on Fort street maula of Beretania street, the land was bid in by J. M. Dowsett for the sum of \$7000. Before the sale took place C. W. Ashford, representing Miss Noar, protested against the sale on the ground that the defendant had not had her day in court and that the decree ordering the sale was issued without jurisdiction.
